World Breastfeeding Week 2021 report

On the occasion of World Breastfeeding Week 2021, which is observed from August 1st to August 7th, the department of Community Medicine had organized one day program on 7th August 2021 in Lecture hall-1, College Block, Bhaarath Medical College & Hospital, to create awareness among first year MBBS students on breastfeeding. Dr Vidya D C, Associate Professor, Community Medicine welcomed the gathering for Inaugural function. Dr Mohansundaram J, Vice-Principal and Dr P Kathiravan, RMO, BMCH spoke few words about the importance of breastfeeding day. Poster competition and elocution on breastfeeding was also held and prizes were distributed. This was followed by the scientific session.
